Dear Friends & Partners

April has come and gone in a whirlwind. We had so many great things happen this past month and so I want to highlight just a few:

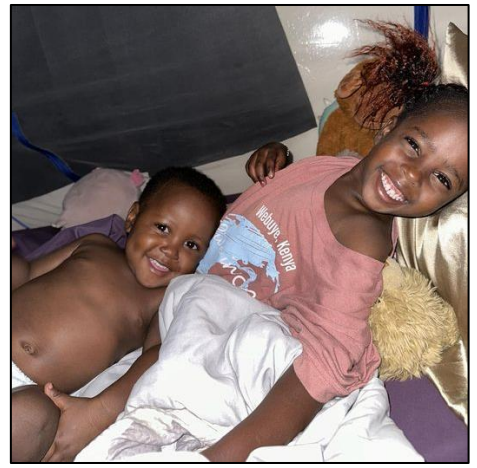

Our farm is growing and producing so many great vegetables and maize. We cannot wait to harvest everything and be able to eat straight from the farm. Our goal is that by the end of the year we will have enough vegetables that we will no longer need to buy from town.

We had a fantastic outreach and had 415 children come from our community. This has been a great way to teach our high-schoolers at Encouragement how to serve others and also a great testimony to our Webuye community.

The kids have been on break and we have gotten a lot of cleaning done. We also spent intentional time studying with the kids to help them in their academics.

Thank you all for your continued prayer and support!
